NEW PAYMENT METHOD

As from January 2011 we have been taking payment for lessons by Standing Order. If you have not started paying this way yet, please ask Mark or at the Club desk for a Standing Order form.

You need to get the form to your bank at least 4 working days before the start date, which should be the first of the month.

There is a tiered system according to the number of swims per week and by paying this way you can save money.
